1. Introduction

The Cattle Hill wind farm Community Fund (CHWFCF) gives financial support to community groups, organisations and projects that provide a benefit to a broad proportion of the local community.

Cattle Hill Wind Farm takes pride in the vast number of community projects we have been a part of over recent years.

Funding is an essential part of the wind farm's community benefit sharing strategy. This strategy strives to develop and deliver funding for community organisations, individuals and community based private entities by creating an easy process with these Community Fund Guidelines.

Applications will be funded which satisfy the requirements of the Guidelines, following necessary documentation is provided, are recommended for approval by the Community Fund Assessment Panel and approved by CHWF.

Dates will be advertised in advance of each round annually.

This document sets out the Guidelines for applying for funding through the CHWFCF.

This letter of offer includes an Agreement between the CHWF and the applicant outlining the approved funding and payment terms and conditions. A copy of the terms of the CFPA can be seen in Appendix 2 of this document.
10. Once this is signed and returned with banking details and a tax invoice, funds will be transferred via EFT within 30 days.

Note:

It may be determined by the CFAP and CHWF that the funding offered is to be split across multiple funding rounds. The funding and outcomes are therefore spread across two or more years with a requirement to report progress annually.

10. Implementation of Project after Funding

It is a requirement that all projects are required to be implemented within 12 months of receiving funding or an alternative timeframe outlined within the CFPA. A required completion date will be notified within the CFPA.

It is anticipated that all projects will be implemented as per the application.

If it becomes apparent that a project cannot be completed and funds are not distributed or are returned, those funds can be carried over to the subsequent Round of the Fund or utilised for community sponsorship purposes at the discretion of CHWF.

If the project is delayed, a revised timeframe must be requested in writing. This will be reviewed and where possible a revised timeframe will be provided by variation to the CFP. If a variation is not requested or unable to be provided, all unspent funds must be returned to CHWF within 30 days from notification.

Revisions to a project or applications to amend a successful project will not be allowed. If the project cannot be implemented as per the application any unspent funds must be returned to CHWF within 30 days from notification.

Successful applicants can reapply for funding in subsequent rounds if they have successfully completed past projects and all reporting requirements. Failure to comply with this requirement may impede future applicants from applying for funding under future rounds.

11. Reporting and Evaluation

An Acquittal form will be required to be completed online. A copy of this will be provided to all successful applicants at the time funding is provided.

This must include sufficient evidence of expenditure (receipts etc).
